

Sponsor a Classroom

Feeding Students USA partners with local schools to support families experiencing food insecurity. Many families earn too much to qualify for government assistance, but still struggle to consistently provide meals for their children.

In Arizona, thousands of families fall within this financial gap in every school district. Our program helps ensure students have food during school breaks and holidays when school meal programs are unavailable.

\$1000 feeds a classroom for an entire year

Corporate partners help us support more than 1,200 students across five schools in three districts while providing meaningful employee engagement and community impact.

How Sponsorship Works

1. Sponsor a classroom: \$100 per student × 10 students
2. Choose a participating school
3. Engage your team through volunteer opportunities or food drives

Student identities remain confidential to protect families from the stigma of food insecurity. Sponsors may reference the school and grade level they support but will not receive identifying information about individual families.
